No Meeting Yet On Prestwick Rezoning

As yet there has been no meeting of the Will County Board's zoning committee, headed by Supervisor John E. Francis, of New Lenox, and representatives of Arthur T. McIntosh the developer of Prestwick relative to the reclassification of 82 acres now zoned for single family dwellings, to multiple dwellings.

When the matter was brought before the Will County Zoning Board of Appeals it was evident that the portion in Will County would be devoted to residential purposes while a shopping center and light industrial

district would be located on the Cook County side of the line.

It is the hope of Supervisor Francis that the developer will see fit to change his plans so the commercial and industrial area would be located in Will so that the Ann Rutledge School District No. 56-C, the township of Frankfort and the county would benefit thru more tax revenue.

More dwellings, it was pointed out, would mean more children and therefore place a greater burden on the school district.

Mokena Garden Club Plans Marigold Week

"Marigolds for Mokena" . . . part of the Mokena Garden Club's community project for 1967 will get underway during the week beginning May 22 with the planting of dwarf yellow marigolds in the flowerboxes at the railroad station and the post office.

Members of the Garden Club will visit various business places during that week to encourage the planting of marigolds in their planters or someplace visible on their

business property. Citizens of Mokena will also be urged to plant marigolds in the gardens and flower boxes during this month. This project is aimed at beautifying the streets and homes in the Mokena area.

The Garden Club points out that marigolds are easily grown from seed or may be readily purchased as seedlings from any nursery or greenhouse at a very nominal cost.

Frankfort Youth Hit By Baseball, Dies

Russell Batson, 19, Sauk Trail, Frankfort, a sophomore at Rockford College was fatally injured Monday when he was struck by a batted ball in a game between classes.

The body was to be taken to the Hirsch Chapel at Tinley Park but funeral arrangements had not been completed at press time.

The youth had been graduated from Frankfort grade school and was a member of the 1965 graduating class of Lincoln-Way High School.

He was majoring in accounting and was directing his efforts to become a certified public accountant.

He is the son of Mr. and Mrs. Eugene Batson, of the Sauk Trail address. The father was a candidate for highway commissioner in the recent township election. Besides his parents Russell is survived by a sister, Vicki, and his maternal grandmother, Mrs. August Rauch.

Charge Stepmother With Murder Of 8-Year-Old Boy

A 25-year-old Orland Park woman was scheduled for arraignment yesterday on a charge of murdering her 8-year-old stepson.

The child, James Bish, died last Wednesday, May 10, at Christ Memorial Hospital in Oak Lawn. Investigators say the child died of injuries allegedly suffered at the hands of his stepmother.

The youngster was beaten about the stomach and back and was reported to have been in a coma when admitted to the hospital.

Sgt. Robert Hubert, who has been working on the case since the beginning, said the child was taken to the hospital at 3:15 a.m. on Wednesday of last week, by the stepmother.

The sergeant said the stepmother told him that she

had struck the boy with a stick.

The stepmother is Carolyn J. Bish, wife of Charles Bish, a production manager for a steel and wire company. The Bish home is at 10223 Hawthorne Drive in the Orland Park Hills section of Orland Park.

Both Mr. Bish and Mrs. Bish had been married previously. He has another son, Charles, 16, by his first marriage. Mrs. Bish has two children from her first marriage, a girl, Bambi, 6, and a boy, Michael, 4, according to the report.

Police investigating the case reported that Bish and his elder son refused to talk to them.

The dead boy was a pupil at St. Michael School this year. Last year he attended Orland Park Grade School,

Funeral services for the boy were conducted last Saturday from the Schmaedeke Chapel in Worth to Sacred Heart Church at Palos Park. Burial was in Resurrection Cemetery. The funeral was practically a private affair as there was no announcement made as to when it would be held.

The stepmother was arrested first on a charge of aggravated assault, after the boy had been examined at the hospital, and her bond set at \$50,000.

The boy died at 1 o'clock Wednesday afternoon. Mrs. Bish was then taken again before Magistrate James Piragene in Oak Lawn and charged with murder. Later she was taken to jail.

The preliminary hearing before the magistrate was slated for yesterday, May 17.

Local Taxing Bodies Share Payment Of Protested Taxes

Some \$500,000 in taxes paid under protest in 1965 have become available to Will County taxing bodies and Clarence Lipman, county treasurer, has distributed the money.

The total amount so distributed was \$556,525.07, with the major portion going to schools.

In New Lenox township the elementary district, No. 122, received \$8,568.95 and Lincoln-Way High School got \$9,002.32.

In Frankfort Township School District 157-C, which embraces the grade schools in the village of Frankfort, received \$1,183.80. District 56-C, which is the Ann Rutledge School, received \$369.51, and District 159, which includes the schools in the village of Mokena,

received \$3,770.87.

The amount turned over to the Village of Mokena was \$494.77 plus \$118.18 as its share of the road and bridge tax. The Village of Frankfort received \$384.77 plus \$89.28 as its share of road and bridge money. The Village of New Lenox received \$841.36 plus \$126.64 road and bridge.

The New Lenox Fire Protection District received \$134.21. The amount that went to the Mokena Fire Protection District was \$292.51, and the Mokena Park District received \$256.87.

The total amount received for township purposes for New Lenox Township was \$2,855.55; the amount received by Frankfort Town-

ship was \$238.79.

Under state law, Lipman explained, the treasurer cannot distribute tax money paid under protest until the individual paying has had the opportunity to present his case for an adjusted tax bill in court. Taxpayers protesting their payments were notified they had until April 1 to present their case for an adjusted bill.

The money being distributed is from taxpayers who did not file their protest by the April 1 deadline.

The county treasurer also indicated there is an additional \$434,896.52 in tax protest funds currently in litigation. This remaining amount will be distributed as soon as the cases are completed, Lipman said.

Of the \$556,525.07 distributed \$367,866.87 went to grade and high school districts, the report shows.

L-W Students Issue Literary Magazine

Creativity is one of the most important learning activities of a high school career. To be creative means to transform book knowledge into something original, unique and representative of oneself.

The English department of Lincoln-Way High School places a significant amount of emphasis on the various aspects of creativity, offering students an opportunity to express themselves by the written word in either prose or poetry. The results of the creative process are frequently lost, however, since it takes time and a great deal of effort to bring creativity to fruition.

Back in September Miss Bonnie Luechtefeld, English instructor at Lincoln-Way, decided to renew the depart-

ment's efforts to produce a literary magazine, a vehicle by which the students are able to share their creative works with others. The result of this decision is "Reveries," Lincoln-Way's 1967 literary magazine.

Produced with the cooperation of the art department, under the direction of James Pitcairn, the magazine is a collection of poems, stories, essays and art work created by the students from the beginning of the school year. All members of the English department were told about plans for the magazine last fall. Since that time, they have been looking for appropriate pieces of writing. A great number were discovered. Success at teaching creativity was evident.

Planning And Finances Occupy Village Board

Community planning and finance were major topics at the regular meeting of the Frankfort Village Board Monday night. The financial set up will be gone into later in greater detail, it was indicated before the board adopts its new budget.

Planning could fit into this financial picture too, it was pointed out, if the suggestion of retaining a professional planner to aid the planning, zoning and industrial bodies serving the village, be carried out.

Bert Breidert, chairman of the plan commission, said it would be fine to have the services of a professional planner but it could be costly. Trustee Robert Dean had suggested that perhaps a planner would aid the village in anticipating some of the problems that are expected to arise.

Breidert said he would be glad to talk with some of the planners as to costs but

he did not believe one was needed at this time. Frankfort has a subdivision control ordinance, he said, and the growth appears to be following the guide lines laid down in the original planning for the village -- the industry is going where it was slated to go and the residential growth is following the pattern established for it.

Breidert and board members did agree, however, that better communication between the planning, zoning, industrial and public officials would be beneficial to the community.

Trustee Howard Osmus suggested that a common member on the zoning and planning boards might help and Mayor Glenn Warning said he had such an idea in mind when he made the next zoning board appointments. The village also is to have a zoning officer.

Kenneth Oetter, of the Bobzin - Swinford Post, American Legion, which is

to be host to the 11th District convention June 18, appeared before the village board to invite the members to attend ceremony at 2 o'clock when the Legionnaires will honor the Frankfort police force. The Legion is stressing the importance and need of law and order. Oetter also asked the board to permit Frankfort police to drive the squad car in the Illinois departmental parade at the state convention in Chicago July 30. A special section of the parade will be given over to police squads, Oetter said.

The district business sessions will be held in the Veterans Memorial Building, erected by the Legion post at Frankfort.

May 21-28 has been proclaimed as safety week.

Arbury Hills School To Have Open House

Formal dedication of the second addition to Arbury Hills School is scheduled for this Sunday, May 21. The board of education is celebrating the occasion by holding an open house at the school and invites the public to attend.

The program is scheduled to begin at 2 o'clock with Supt. A. Hunter Chapman of Lincoln-Way High School as the speaker. The reception of visitors and a tour of the building will follow. The hours will be from 2 to 4.

The second addition to the Arbury Hills School contains four class rooms, housing

first grade and kindergarten. Also included is an office area, a room used by the faculty and the school board for meetings and a speech room.

The people of Summit Hill District 161 -- that is the formal name of the Arbury Hills School district -- have earned an excellent reputation for supporting their school and Lincoln-Way High School over the years, school authorities pointed out.

At the time the Arbury bond issue which provided the funds for the second addition they also approved an increase in the educational fund tax rate of 21 cents.

Stress Bike Safety At Mokena Schools

Bicycle safety will be emphasized this Saturday, May 20, at Mokena. The hours will be from 1 to 4 p.m.

The Carpenter Street school grounds will become an obstacle course for the

purpose of instructing young Mokena cyclists in safety practices. The project is sponsored by the Mokena PTA under the supervision of Mr. and Mrs. Wayne Ryder and Mr. and Mrs. Roy Wilhelm.

Boy Scout Troop 40 will assist in registering and checking the bikes for mechanical defects. Each rider will then go thru the obstacle course and be graded on his skill. A safety citation will be awarded those passing.

A youngster may go thru the course more than once should he or she fail to check out the first time as the object of the program is for instruction.

"We cannot stress too much that parents encourage their children to take part in this program," Ryder said. "Special thanks are due Glenn Vally of New Lenox Lumber Co. for the material used in setting up the course and to Township Highway Commissioner Walter Yunker for setting up the necessary road signs."

In the event of rain the program will be held the following Saturday, May 27, at the same time.

Last week movies on bicycle safety were shown in each of the classrooms of the Mokena public schools and St. Mary parochial school.

Dist. 230 Purchases 3 New School Busses

Three new school busses were purchased by District 230 (Sandburg-Stagg) at the board of education meeting May 8.

Carpenter Bus Body Company represented by R.W. Slaney Company of Aurora received the contract for their low bid of \$7,026.13 per bus; or a total cost, including the trade-in of two 1954-55 busses, of \$21,078.40. Three other bidders were Thomas, Superior, and Wayne bus companies.

Principal Ray Bentz of Stagg High School reviewed the independent study program, the upcoming North Central evaluation, and teacher recruitment. Students have suggested, he said that the independent study program be extended to all students in honors classes.

The board reviewed architectural drawings of Sandburg and Stagg's building program. Four tennis courts will be constructed at Sandburg, and the building's roof will be repaired this summer.

Plans at Stagg call for expansion of the library to include four independent study areas. Each area will seat 40 students and will serve individual needs in mathematics, science, foreign language, and English-social studies. The library-independent study area will

have space for 20,000 volumes, Superintendent W.O. Fisher said.

Summer school enrollment is coming slow and offerings will be revised according to demand. A last minute rush to enroll is likely, Fisher said. Drivers education and U.S. History have the most enrollees so far, with 122 and 57 signed

up for the respective classes at each school.

The South Cook County Educational Development Co-op, an organization of 63 area schools, has been funded by the federal government for the next three years, Fisher reported. The co-op conduct educational research.

Trustee Zugenbuehler is head of the committee on streets and alleys. Also serving on that committee

are Bills and Dina.

Trustee Dina, chairman, Bills and Haislet make up the committee on public property, claims and finance.

Clark, Haislet and Dina were elected to the board for four year terms in the April election.

Clark had been serving to replace Gary Chase, for Rock Island station agent of Mokena who resigned when he was promoted and transferred to the Ottawa-LaSalle area. The other members whose terms expired this

American Legion Auxiliary Poppy Day, Sunday, May 26

MRS. SHERMAN KNOX
Telephone: 349-0211

During the month of May some 150,000 American Legion Auxiliary members throughout the nation are involved in preparation for the traditional day of remembrance and Orland Park Unit #526 will have their members well supplied with the little red flowers, asking those who pass by on the streets of Orland Park and Palos Heights to wear a poppy on Friday, May 26. We have so often read the poignant poem, "In Flanders' Fields," which is a reminder of the valiant men who lost their lives in the first World War, but today we esteem the Poppy as a memorial to all men killed in all of our tragic wars.

The money received by the American Legion Auxiliary on Poppy Day will be used for the Rehabilitation of hospitalized and needy veterans and their families. The bulk of the funds contributed will remain in the community where they are raised in order to continue the vital service programs of the local Legion Unit in Rehabilitation and Child Welfare.

Members of the American Legion Auxiliary have worked with and watched the disabled men making Poppies. Approximately 2 million poppies to be distributed in Illinois have all been made by hospitalized veterans in the state. The men have worked hundreds of hours assembling the red flowers in the wards and occupational shops of hospitals. For many of the veterans, it is the only chance they have to

earn funds for themselves or their families. Contribute for your American Legion Poppy this year with your heart, and wear the poppy with reverence, in remembrance of those who gave so very much.

Preregistration for Kindergarten and First Grade, took place on May 10 in the Orland Park School Gymnasium. Three helping mothers, the school nurse, Mrs. Dorothy Sikula; Norbert Jerling, Superintendent of District #135; James Callahan, Principal at Orland Center School and Robert Blain, Principal of Orland Park Elementary School, were on hand to greet the Parents and the Little People. One hundred and seventy four children were registered.

Parents received the required forms to be filled in during the summer. This gives them time to take the children to have physical examinations and dental checkups; thereby preventing a rush in August.

Pre-registration enables school personnel to work on lists of children expected for the next school term. It provides the means to set up the number of children in classrooms, determines which ones will go in morning or afternoons in Kindergarten, and their bus routes, according to their addresses.

The completed forms may be sent back to school (Orland Park School, 9960 West 143rd St., Orland Park,) at any time or brought with the parents to August registration. Then they will return to learn their child's

bus route, if any, pay the material fee and optional insurance fee and present the birth certificate.

If anyone has missed Round-Up-Day, he may still register via telephone 349-0053 or 349-0051.

Artists may contact box 335 for the 2nd, Annual Orland Park Art Exhibit to be June 25 on the public school grounds at 143rd and Southwest Hwy.

Stagg Students Back From Visit To Hills

Back from a YMCA-Student Council sponsored exchange program that took them to Griffithsville, West Virginia, for a week, eight Stagg High School students still fondly remember the Mountain State.

Some even hint of returning this summer to their new friends from Duval High School. All look forward to next October, when eight or more Duval youngsters will attend classes at Stagg.

Miss Joanne Osmond, Stagg counselor, accompanied Sue Crachy, Laurie Norton, Pam Harger, Ruth Ferry, Bruce DeMent, Gene Green, Victor Johnson, and Richard Schmidt, on the trip. It was American Airlines both ways; six had never flown before, and "the trip back was a bit rough," remembers Richard Schmidt.

After landing at Charleston, the Stagg students were given tours of the city by their host families, before driving some 25 miles to Griffithsville. During the week, each lived with the family of a Duval student, in every part of the 30-square mile school district.

As part of "Appalachia", the school receives quite a bit of federal aid, but the Stagg students noticed few signs of poverty in the community. Duval has about 500 students and offers fewer courses than Stagg does. "Pop machines and piped in music are two things they have that we don't," said Ruth Ferry.

The community is very religious, other Stagg students noticed. "They begin the school day with a Bible verse and the Pledge of Allegiance," reported Ruth Ferry. After dinner at the Junior - Senior Prom, the Stagg youngsters had their choice of going to the dance, or going bowling. Some Duval youngsters, because of their religion, do not dance.

The week was filled with

learning. The suburban youngsters learned that Chicanos "talk choppy and too fast." Southern English calls a sack, a poke; doesn't clean the kitchen table, but "rids it"; and "makes a picture", not takes one.

Duval's proud of their first-place in the state Stage Band; of their athletic teams, the Wildcats; and of the beauty and history of their area. A visit to the state museum and to Hawk's Nest, a cliff-top scenic spot, where in

another museum, they saw John Brown's noose and handcuffs, was part of Stagg's history lessons for the week.

"The friendliness of the people made this a wonderful week," Ruth Ferry told the Charleston GAZETTE. "We hated to leave," Miss Osmond said. "There were tears by students from both schools when we got on the plane to come back," she said.

Ghettos Of Lost Hope

An article in a recent edition of "The AMA News," official publication of the American Medical Association, refers to hospitals and nursing homes as "ghettos of lost hope," contending that too many such institutions are more concerned with their own administration problems than their patients.

The Rev. Christian A. Hovde, PhD, director of the Bishop Anderson Foundation, Chicago, is quoted as urging the medical community and theologians to work closely in helping to solve the problems of man and his identity.

The major problem, he said, according to the article, is that the inadequate environment created by hospitals and nursing homes does not provide greater concern for the patient's total recovery.

"The patients should be encouraged, rather than stifled in their recovery process," he said.

Dr. Hovde is further quoted as saying "too many of these institutions have become ghettos where people

have lost hope and are slowly on their way down hill. They are placed in these institutions which are too concerned with their own individual administration problems to care for the patients as human beings who need understanding."

Providence High Play Is Set For Friday, Saturday

Providence High School's year play is coming on May 19 and 20. Curtain time for each is 8 p.m.

The production this year is "January Thaw," by William Ross.

For the two days of the presentation, the New Lenox school is being transformed into a Little Theater.

The main corridor of the school will suddenly become the theater lobby. Carpeting, atmospheric lighting, and murals depicting Hollywood and Broadway stars will create a "Great White Way" setting for the theatergoers. Terri Reiter is arranging the lobby.

The play itself is a comedy revolving around two families who both claim solitary possession of one house. Both families are legally entitled to ownership.

Mathilda and Jonathan Rockwell (Jane Esposito and Scott Reiter), who head the family originally living in the house, are country folk. Jim Battle and Clark Latham complete the country family.

Quite different in nature are members of the family from the city. Herbert and Marge Gage (Ted Osuch and Mary Jo Harper) and their three daughters (Connie Peters, Norma Lilek, and Rory Kujawa) find that the Rockwells know little about gracious city life.

The entire production is directed by Mrs. Lois Loebe of New Lenox, assisted by Teri Wingate, a Providence junior.

Others in the cast are: Chrys Murskyj, Tim Dailey, Doug Pels, Harry Bloom, and Jim Schilling.

Stage managers are Jim Vivaldelli and Bob Bourne. Understudies are Donna Adelman, Judy Casagrande, and Kathi Koerner.

Tickets are \$1.25 for adults and 75 cents for students and will be available at the door.

The nominating committee composed of Mrs. Vern Ridings, Mrs. George Reiter and Mrs. George Schilling will present the slate of officers for the coming year.

The highlight of the evening will be the traditional style show to be presented by Mrs. Dave Barry's Home Economics class of 23 girls. Each girl will model the garment she has created herself in homemaking class. The girls who will model are Virginia Ardolino, Linda Bick, Barbara Booklund, Karen Fassola, Mary Jane Forsythe, Susan Gast, Janet Goss, Carol Heitzman, Jerene Hill, Joanne Lepacek, Sandra Matuszewski, Barbara Moncek, Susan Nowosielski, Suzanne Persha, Kristine Ragusa, Margaret Redfearn, Mary Elizabeth Riehl, Sheryl Talarico, Sandra Toth, Carol Vietoris, Nancy Walsh, Phyllis Weber and Barbara Zubcic.

Assessor Surveys Effects Of Tornado

P. J. Cullerton, Cook County Assessor, announces his plans for investigating the damages caused by the tornadoes of April 21st.

These investigations are for the purpose of revising the 1967 real estate assessment of those structures damaged or destroyed by the storms.

Beginning Wednesday, May 17, Mr. Cullerton's Mobile Field Office, staffed with experienced building deputies, was stationed in the Oak Lawn area at 5300 W. 95th Street. The deputies will conduct a block by block survey in those areas that have suffered the worst damages. After this initial survey is completed the field office will move to other disaster areas, to be announced later. Mr. Cullerton says that, with the cooperation of the village and township officials, these surveys will result in adjustments of the 1967 assessments with a minimum of inconvenience to the taxpayers.

It should be stressed, how-

ever, that these block by block surveys will take place only in those area where the damage has been highly concentrated. It would be physically impossible to send the Mobile Unit to each isolated case of damage, it was explained. In these cases, Mr. Cullerton suggests that these owners call at the field office when it is stationed in their general area or, in lieu of that, write to:

P. J. Cullerton
Assessor of Cook County
D. A. Department
Room 325, County Building
Chicago, Illinois 60602

Give name, address and Permanent Index Number as shown on tax bill. A deputy will then be sent to the property to check the damage.

Mr. Cullerton emphasizes that these investigations and adjustments will apply only to those structures that have been destroyed or rendered uninhabitable. Minor damages such as windows blown out, roofing damage, etc., causing a temporary inconvenience cannot be given any consideration under the law.

DO YOU KNOW?

... that the delicious "charcoal" flavor does not come from charcoal at all! Charcoal briquettes have neither flavor nor odor - and frequently are not even made of wood. "Charcoal" flavor is obtained strictly from meat juices dripping on a hot surface and then vaporizing into smoke. A modern gas flame provides clean controllable heat under a permanent ceramic radiant thus giving authentic charcoal taste, appearance, and aroma - and we guarantee it!

Let's face it. If you want to grow roses you must keep them sprayed. That in itself isn't such a job, but mixing the chemicals can be a little time consuming and messy. This is why the new pre-measured packets of lawn and garden sprays will be especially welcome this spring.

Five different formulations of "Pop-ins" are available. Each package of the product is pre-measured to make one gallon of spray and then sealed in a water-soluble packet.

To use, a gardener just "pops" one of the packets in a sprayer or bucket and adds a gallon of water. The plastic casing dissolves and the pre-mixed pesticides

disperse quickly throughout the water. You don't touch the powders with your hands nor do you need any measuring cups or spoons.

Five different combinations or sprays are available. One is for roses and other flowers. Still others are for shrubs and evergreens, fruit trees, tomatoes and vegetables and weeds.

Local gardeners will be particularly interested in the product because it was developed locally by Walter A. Houston, vice president of Encap Products Company of Park Ridge. In commenting on his product, Houston tells us that they were particularly interested in using the new insecticide Sevin. This is because Sevin breaks down within a week after it is used and its power is no longer needed. Because of this Sevin is rapidly replacing DDT. Wetting agents are also included in the "package" thus eliminating the need for adding them by hand to the spray mixture.

During the past few years we were able to discuss with Houston the development of this latest wrinkle in gardening. We find it is clean, and avoids direct contact with toxic powders, and prevents any possible mistakes in measuring.

The packets can be used with any of the conventional compressed air, knapsack, slide or power sprayers. They should not be used with the glass jar hose type sprayers. However, with the development of "pop-ins" one has a good reason for considering the purchase of a tank type sprayer for those areas such as roses and other flowers where precision spraying is desirable.

Sincerely,

Edwin Hirsch

An Old Story

Powerful Bloom High--for the 13th time in a row--won the district track meet last Saturday.

Sandburg placed eleventh out of 32 schools, finishing the meet with five and one-half points.

Pointmakers for the Eagles were Tom Pichman, who was fourth in the low hurdles with a time of 20.4; and miler Ed Zeman whose time was fast enough for fifth.

New Eagle school records were set by Tom Johnson's 51.5 time in the 440 which got him a fourth place; and

by junior Chuck Jaeger whose heave of 51-1 in the shotput placed him among the pointmakers. Johnson also took fifth in the pole vault, going up to 12 feet.

On May 9, Homewood-Flossmoor edged the Eagles in a dual meet by a score of 63-61. Tim Hoffman won the 100; Johnson won the 440, high jump and pole vault; Pichman won the low hurdles with a time of 20.1; Reeves took the two-mile race; and Jaeger won the shot put with a heave of 50-7.

Barr Urges Support For Water Program

"If Illinois is faced by a severe water shortage in the next quarter century, we will only have ourselves to blame, warned Rep. William G. Barr (R.-Joliet), 41st District.

"It is a simple fact that even with the great needs of industry and agriculture today, Illinois has an abundance of water," he will double by 1980 and triple by the 2000. Much of the water shortage we eventually will have to face is due to these evergrowing needs, but the shocking fact remains that we simply waste immense quantities of water every day."

Rep. William G. Barr urged support for the Illinois Pure Waters Program sponsored by Republicans in the Legislature. The program features a \$750 million bond issue to finance a broad attack on water pollution, which is subject to approval by the voters in the 1968 General Election.

"We must initiate a diverse but coordinated program," he said. He will be in Joliet, Ill., to attend a family Mothers Day celebration.

-o-
Cub Scout Den 4 of Pack 6 with their den mothers, Mrs. Foster and Mrs. Steen, made Mothers Day gifts for their mothers, and practiced for the skit to be put on at the Fun Show Saturday night.

gram to insure a pure water supply for Illinois," he said. "We think we have the answer in the Illinois Pure Waters Program which has three main features."

"In order to provide financial relief to municipalities a \$450 million municipal loan fund will be established to aid cities in the construction and operation of sewers and sewage treatment facilities. As more municipalities attempt to sell bonds many will find themselves in a very competitive market and forced to accept high interest rates to acquire this necessary funds to obtain federal grants. The State can alleviate this situation by purchasing the local revenue bonds at low rates of interest.

"The second feature of the Illinois Pure Waters Program is a \$200 million grant program for the construction and improvement of multi-purpose water resource facilities. These facilities combine reservoir construction with flood control, conservation and recreation. Through this feature, money will be made available to cities and counties for large projects which ordinarily are too expensive for the local authorities to handle.

"A \$100 million loan guarantee program will assist private industry in the purchase and installation of pollution control devices. This guarantee program will help industry install anti-pollution devices and eliminate potential sources of contamination."

Will Fete Athletes

The second annual Providence High School Booster Club Awards Night, will be held Thursday, May 25 at 7:30 p.m. in the school's cafeteria. In addition to making sports awards, the savings bond will be presented to the students writing the best essay on "Why I Chose Providence."

The coveted Scholastic-Athletic Award also will be presented to the letterman having the highest scholastic record.

The guest speaker will be Paul "Dizzy" Trout of the Chicago White Sox organization. Dizzy Trout was a former pitcher in the American League from 1939 to 1952. He pitched 13 years for the Detroit Tigers, having his greatest year in 1944, when he won 27 games. In 1945, he helped the Tigers to a pennant. Dizzy has also gained fame as an after-dinner speaker.

All Providence athletes and the coaches will be honored guests of the Boosters Club. All other guests, parents and friends may get tickets for the buffet dinner at a cost of \$1.25. Tickets are available at the school's main office or thru the Boosters.

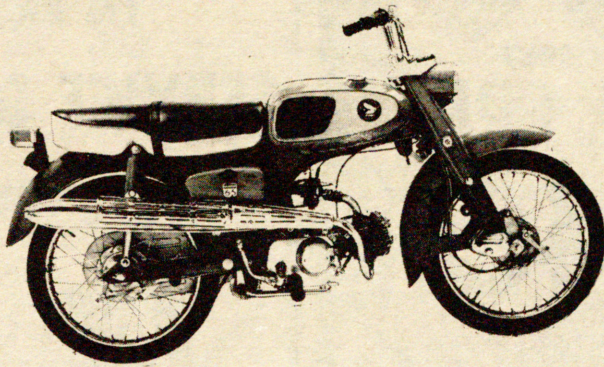

The committee is made up of Ed Kelly, Tom Burns, Len Wedic, and Tom Dedin. The Boosters promise everyone another big Celtic night.

Golfers Play For State Prep Title

Sandburg golfers will be teeing off tomorrow (Friday) in the Illinois State Tourney for the first time since 1964. The Eagles are 12-2 in dual meets, and were also victorious in the Quincy meet and in last weekend's district meet at Silver Lake.

The Eagles score of 329 was three lower than second place Homewood - Flossmoor's 332. Thornton Fractional North finished third.

Alan Sprinkle was medalist with a low score of 79. Teammates John McBride (82), Mike McBride (83), Bob Atkinson (85), and John Meenahan (85), will all go to the State Finals.

Homewood gets a return crack at the Eagles in the SWSC tourney which begins Thursday, May 25.

Coach Charles Zboray looks for defending state champs New Trier East to be tough again. Lockport Central, finished second in the state last year, again will be back since they won their district. Zboray noted that Sandburg had beaten

Lockport Central twice this year; once in a dual meet, and again in a tourney.

"The two practice rounds we had at Champaign courses should help," he said. "Mike McBride had two 79's at Champaign; Alan had an 83 and 74, both respectable scores."

Rezoned

At the meeting of the Frankfort village zoning board of appeals May 11 the petition that 66 acres adjacent to Pleasant Hill Cemetery be reclassified, from single family residential to multiple dwellings and light industry, was approved.

The Pleasant Hill Cemetery Association had opposed approval of the petition but at the annual meeting of the association members indicated they were in favor of having more industry in the community if assured that any located in the proximity of the cemetery would be of pleasing appearance and not be any kind of a nuisance.
